JUNE 2026

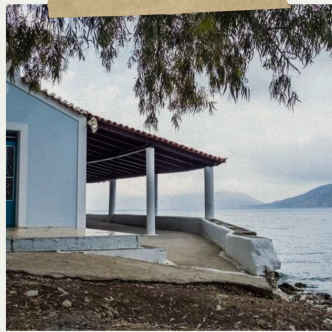

The month of June is almost over. And with it, two-thirds of our summer.

Summer at IISc is very different for each of us. Although there is one thing common for us all, something we all cherish: the time when we take some time off and take a break. Keeping this mind, we present to you the June issue of our newsletter.

First we have an evocative collection of theme-based pieces 'The Break Anthology', followed by an omnibus of literary pieces. At the end, you will find a beautiful gallery of photos and artworks.
